ABOUT US

SOLAR SOLUTIONS

Our innovation and designs change the way communities live, both locally and globally. With an emphasis on leadership and collaboration, our talented team of skilled electricians work hard to deliver high-quality solutions.

RV Solar Solutions is involved with a variety of solar work, ranging from domestic and retail to industrial installations and off-grid Solutions.

We pride ourselves on quality workmanship and service excellence.

RV Solar Solutions is an authorized company and registered with all relevant authorities.

We are based in Cape Town and can assist you anywhere in South Africa.

We strive to provide quality, professional and excellent services and to satisfy our customers' needs at a reasonable rate. Our explanation to quality is to do something right the first time.

OUR SKILLS

SOLAR SOLUTIONS

We regard our work ethics in highest nature, to be productive and pro-active in our projects to be accountable for all work undertaken by **RV Solar Solutions**. We pride ourselves in quality that speaks for itself without compromising safety and reliability. We respect that each project deserves our attention to detail attitude.

RV Solar Solutions has been helping every client individually to its individual needs and sizing the system accordingly and to budget.

Our technicians are all fully qualified and have many years of experience so that we can help you in any way possible. No matter what time we will come out to you, our services are 24/7.

We specialize in all types of solar systems from a small backup system to a hybrid system that can be scaled to go off-grid and a grid-tie system that can cut down on costs and export the extra power back into the grid.
